● SUMMARY

Motivated B.Tech CSE (AI & ML) student with skills in Data Analysis, Python, SQL, MS Excel, Power BI, and Web Development. Passionate about analyzing data, creating dashboards, and solving real-world problems. Seeking a Data Analyst internship to apply my technical skills and continue learning.

● EDUCATION

Bachelor of Technology(B.Tech)

2024-2028

Computer Science Engineering (AI&ML)

KIMP College of Engineering & Technology Gida Gorakhpur

- Class 12th (Intermediate) 2024
- Class 10th (High School) 2022
- Anand Mission Intermediate College Fazilnagar Kushinagar Uttar Pradesh

● PROJECTS

Smart Farmer Assistant

2026

Technologies: HTML, CSS, JavaScript, Python, Flask

- Designed a web-based Smart Farmer Assistant.
- Added crop recommendation functionality. Integrated weather information.
- Implemented AI-based plant disease detection. Designed a responsive and user-friendly interface.

INTERNSHIP

• CodSoft - Python Programming Intern

- Completed internship tasks using python. Improved programming and problem-solving skills.
- Built mini project during the internship.

CERTIFICATIONS

2026

- GEN-AI Camp -AlgoUniversity(Mentored by Microsoft Engineer Nipun)
- Industry Driven Project Development - **DigiCoders**
- AI Image Generation through API Integration Program - **DigiCoders**

● TECHNICAL SKILL

- HTML
- CSS
- Python
- JavaScript
- Flask
- API Integration
- Git&GitHub
- SQL
- Numpy
- Ms Excel
- Power BI
- Pandas
- Matplotlib
- Statistics

● ACHIEVEMENTS

Participant - Unstop Big Quiz

2025

Participant - Jaipuria Quiz

2025

• SOFT SKILL

- Communication
- Problem Solving
- Teamwork

LANGUAGES

- Hindi(Fluent)
- English(Intermediate)
